HAS HAIR AT FIFTY

GIRLS AT TWENTY
Matrons as well as debutantes,
can have luxurious, beautiful hair.

Read What She Says:

Cincinnati, Ohio, June 8th, 1907.
MR. E. BURNHAM, Chicago, Ill.:
Dear Sir—I will make you the same statement I
have made to a great many of my friends, that my
beautiful hair is due solely to E. Burnham's Hair
Restorer and Hair and Scalp Tonic, which
I began the use of some 15 years ago, having lost all
of my hair through sickness. The scalp of my head
was so diseased, I had to have my head shaved,
except for one of my hair curls and it seemed to me
to have an effect that now my hair is a thick, heavy
dark mass, measuring 16 inches long, and is as black,
soft and as heavy and has not more gray hairs than
a girl of 15—my hair has grown 4 inches in six years
and is still growing very fast. I am now 50 years old.
I am making this statement believing that it is
only just to you and the public that they should
know and be advised of the real benefit of your
hair preparations. Respectfully,

Mrs. Fannie Richards

No. 623 Carlisle Ave., Cincinnati, O.

results obtained by using

E. BURNHAM'S

Hair and Scalp Tonic

Ask your dealer to show you the original photo of
this lady.

E. Burnham has found the cause and cure for
dandruff, itching and other scalp infections.
The scalp being one of the weakest parts of the
cranium, blood becomes sluggish and the follicles
at the roots of the hair become impaled and dis-
eased from want of nourishment.

E. Burnham's Hair and Scalp Tonic overcomes
this by feeding and permeating the hair fol-
licles, putting the scalp in a healthy and normal
condition, giving the hair new life, keeping it
from falling out and removing dandruff and other
scalp infections.

Our Free Offer to You:

Send a couple bottles of Hair Tonic, including
a bottle of Conditioner Cream or Gray Hair Restorer,

MORNING NEWS AD. BRING

GOOD RESULTS.

FIFTEEN DAYS GIVEN TO VLNA TO SETTLE UP

Frank Vina appeared in police court
at 9:40 a. m. Thursday for arraign-
ment upon two charges of embezzle-
ment. Judge Levine permitted At-
torney Frank Friend, counsel for Vina,
to interrupt a hearing.

A few minutes later, Vina left the
court room, given 15 days to arrange
his affairs.

Attorney Friend intimated effort will
be made to satisfy the claims of the
John Hus lodge, Foresters of Ameri-
ca, which charges Vina with embez-
zling \$1700, and John and Mary Ko-
zek, who charge him with embezzling
\$890.

In the event this effort is success-
ful, Friend will request Prosecutor
Geler to nolle the cases. The prose-
cuting witnesses in both cases have
expressed their willingness to drop
the prosecution if the money they al-
lege lost is returned.

IN JUSTICE COURT

The arguments in the case of the
Gunter Candy company against Peter
Volzer were heard in Justice Both-
well's court yesterday. The defend-
ant was bound over to the probate
court in the sum of \$50 which was
furnished. Volzer is charged with hav-
ing put lead slugs in the candy ma-
chines at the Grand opera house in-
stead of dimes.

J. L. Westfall has instituted replev-
in proceedings in Justice Bothwell's
court against Luther M. Barrick and
Constable J. H. McCurdy. The plain-
tiff claims that Constable McCurdy
broke into the Cheswick Manufactur-
ing Co.'s plant and with a lot of fur-
niture took a bicycle belonging to
Westfall. The plaintiff claims that
his property was not included in the
attachment against the Cheswick Co.
and that the constable will not return
it to him.

Lillian ("Trick") Bell has been sued
in Justice Barrick's court for \$14.45
by C. G. Oliver who claims that bal-
ance is due on a wall paper account.

RAILROAD BUSINESS

Said by Cleveland Officials of Various
Lines to Be On Increase.

Cleveland, Feb. 13.—Railway of-
ficials in this city state that there has
been a marked increase in both freight
and passenger traffic in all directions
during the past two weeks. The Lake
Shore yesterday moved more cars of
freight than on any day since the first
part of December. It is said that dur-
ing the past two or three weeks there
has been a steady increase in the
amount of tonnage moved daily. Pas-
senger officials of both the New York
Central and Pennsylvania lines say
that on the whole the number of pas-
sengers being carried equals if it does
not exceed the number carried during
the same time last year. There has
been a very noticeable increase in
eastbound passenger business during
the past week.

LATE ALLIANCE NEWS

Special to the Morning News.

Alliance, O., Feb. 13.—Robert Gil-
bert of Alliance who was taken to Col-
umbus last Sunday night to answer
a charge of stealing a number of
watches from a jewelry store which
was broken open last December, has
been bound over to the grand jury un-
der bond of \$1000. Gilbert was a mem-
ber of the Eighth O. V. I. during the
Spanish-American war and later serv-
ed in the regular army.

Local dealers report an unusually
large trade in valentines this season.
All day the local postoffice was crowd-
ed with young folks and some older
ones, too, who were making the tokens
of love or hatred, as the case might
be. It is noticeable that souvenir
post cards form a large part of the
valentine business this year.

Captain U. S. Wetzel has received
notice that Company K, Eighth In-
fantry, O. N. G., of this city will be in-
spected by a United States army of-
ficer February 26. This is the semi-an-
nual inspection made by the govern-
ment.

Indoor baseball is to be introduced
into the realm of sport in Alliance
Friday evening when a strong team
from Canton is to play the local team.
Practice has been held at the Alliance
roller rink where the game Friday eve-
ning is to take place. A number of
prominent baseball players of this city
have become interested in the new
game and will participate in the con-
test.

ADJUTANT RUNCIE

Ill at Aultman Hospital—Lieutenant
Melton and Cadet McCoy in
Charge of "Siege" Work.

The many friends of Adjutant Runcie,
of the local Salvation Army corps, will
be sorry to hear that he is at the Ault-
man hospital ill with an attack of rheu-
matism, from which he has been suffer-
ing for about three weeks. Mrs. Runcie
is home caring for a child ill with
whooping cough, and altogether the cir-
cumstances have been a trifle discourag-
ing. But Lieutenant Melton and Cadet
McCoy arrived here this week and are
conducting the annual "siege" upon the
hosts of evil. The siege began February
9 and will continue until March 9, meet-
ings being held every evening at the
cathedral, and all-day meetings on Sunday
with as many outdoor meetings as the
weather will permit.

Adjutant Runcie has been in Canton so
long, and has made so many friends
that there is a general hope for his
speedy recovery.
